

REIN4CED - Process Technician

In search of REIN4CED - Process Technician

To strengthen our team, REIN4CED is looking for a **Process Technician**. You will take on a number of tasks while setting up and running the series production. Versatility is key through a varied mix of tasks: processing of composite materials, managing stock, starting production, discuss and validate process improvements until entering the required input into our digital system.

- The production includes the following steps:
 - Incoming materials inspection
 - Processing of the thermoplastic composite parts
 - Trimming of parts
 - Assembly and quality control

Job description:

- Technical support from incoming inspection until and including a finished bicycle frame
- Follow up on incoming stock and perform incoming quality control
- Start up of the production line
- Create, design and implement improvements
- Operation of the machines and equipment
- Periodic maintenance and breakdown assistance (as a smaller sub-task)
- Partly dealing with the "digital" production line

What do we expect from you?

- You can work independently and accurately and have a great sense of responsibility.
- You are entrepreneurial and like to roll up your sleeves
- You have at least a technical education and preferably a few years of industrial experience.
- You are flexible in doing and thinking.
- You are resistant to stress and can see topics in perspective.
- You are fluent in Dutch and have a good knowledge of English.
- You have a smooth and well-kept appearance.
- You are open in all your communication with respect for other opinions.

- A switch to Mac does not scare you.

What do we offer you?

Starting at REIN4CED offers you the opportunity to participate in an **innovative and ambitious** project.

You are part of a young and dynamic team. There are no fixed ideas in our company yet and you will have the opportunity to guide the culture and growth of REIN4CED.

In addition to your competitive salary, you will receive an extensive package of fringe benefits.
